PYTHIAN GRAND LODGE CLOSES ANNUAL SESSION.

The Kentucky Grand Lodge of the Knights of Pythias came to an end Wednesday afternoon, in Lexington, after a session of three days. At the meeting at the Pythian Home, on the Harrodsburg road, Pineville was selected as the next meeting place.

John J. Howe, of Carrollton, grand vice chancellor, was elected grand chancellor for the coming year, and all the other officers of the order were advanced one grade. J. W. Carter, of Lexington, grand keeper of record and seals, was re-elected to his position.

Grand Chancellor Howe is Commonwealth's Attorney of the Fifteenth Judicial District of Kentucky and during 1916 and 1917 he was president of the Commonwealth's Attorneys' Association of Kentucky.

The new grand vice chancellor is with the American expeditionary force in France, and has been promoted to the rank of major in the army.

The full roster of officers chosen follows:

Harry A. Schoberth, Versailles, supreme representative.

John A. Howe, Carrollton, chancellor.

A. O. Fisk, Earlington, grand vice chancellor.

J. L. Anderson, Manchester, grand prelate.

J. W. Carter, Lexington, grand keeper of records and seal (re-elected.)

B. P. Eubank, Bowling Green, grand master of the exchequer (re-elected.)

S. T. Alderson, Russellville, grand master at arms.

Emil Poorman, Louisville, grand inner guard.

R. M. Hunter, Nicholasville, grand outer guard.

Board of Directors for Pythian Home: R. H. Gray, Covington; W. C. G. Hobbs, Lexington, and J. R. Dorman, Wilmore.

REAL ESTATE TRANSACTIONS

—Acting as agent for his mother, Mrs. P. D. Shea, Mr. Robert Shea, of Mitchell & Blakemore, sold to Mr. Ira Parks the home on Convent Heights now occupied by them, and adjoining the home of Mrs. Edward Turner, for \$4,000. Mrs. Shea and family will move to a cottage on Fifteenth street, and Mr. Parks will occupy his purchase.

Mr. J. A. Stern, of The Fair Store, sold Wednesday, to Dr. L. Oberdorfer, the brick residence on High street, at present occupied by Mr. and Mrs. Richard Willis. The purchase price was not given out for publication. Dr. Oberdorfer and family will move to the home as soon as possession is given.

—Mrs. Ellen C. Kiely and children, Miss Mary Kiely, Jos. Kiely and John Kiely, sold this week to Gus and Hensel Margolen the two-story brick business house, on Main street, occupied by the People's Pharmacy, on the ground floor, and apartment on the second floor, for \$9,000. The house adjoins the business property belonging to the purchasers, at present occupied by Jacob Elvove as a clothing store. The terms of the deal include a two-story brick residence in the rear of the business property, which will be occupied by Mr. and Mrs. Gus Margolen as soon as possession is given. The purchasers bought the business property as an investment, and the present occupants will remain.

AND KONFORTABLE

Largest shipment of Westinghouse electric fans ever brought to Paris has been received. All sizes, styles and prices. See the small bed room fan—it is a comfort almost indispensable.

KENTUCKY WILL STRIVE FOR DEATHLESS FOURTH

State Fire Marshal Pannel hopes to repeat this year the precedent established by Kentucky of passing a Fourth of July without a death from fire works or fire arms. He stated that there is a ban on fire works on the Fourth of July, as at all other times, and that Mayors of cities and police should see to it that the regulation is enforced.

INTERESTING OIL NOTES

The Parboken Oil Company, of Paris, expects to bring in their No. 3 well to-day or to-morrow on their Kinkadee lease. The No. 3 is expected to be a better well than the No. 4, which came in better than one hundred barrels.

Field Manager James H. Moreland, of the Little Banjo Oil Company, is in Paris for a few days. Mr. Moreland is very enthusiastic over the prospects for his company, and reports work progressing very satisfactorily in the field.

The Owsley Oil and Gas Company is making preparations to drill another well shortly in the vicinity of the initial well near Endee, which has a good show of oil and gas, but has not been put to the pump.

Mr. Oscar T. Hinton, Mr. John M. Stuart and several others representing the Greater Kentucky Petroleum Company, of this city, have gone to Scottsville on a trip of inspection. They will be gone several days making a thorough inspection of the oil territory in that vicinity.

Mr. Charles Wilmoth returned Tuesday night from a stay of several weeks in and around Munday, Texas, and in Oklahoma, where he is interested in the oil business. Mr. Wilmoth reports the prospects there as being very bright for a successful season, and that the oil and mineral business seems to be taking a decided hold on the West. He saw some big wells during his stay and says showers of oil are a common thing in some parts of the big field.

A message was received here Wednesday from the field manager of the Ranger, Texas, oil fields, stating that another well on the holdings of Geo. B. Keller, formerly of Paris, had come in, and was estimated to be making not less than 2,600 barrels. The message stated that about twenty other wells on the same field are due in soon, from which good prospects are expected. Mr. Keller, who has been visiting his parents, Dr. and Mrs. A. H. Keller, in this city, for several weeks, has returned to his home in McKinney, Texas.

According to a report from the Indian Refining Company, operating in the Lee, Estill and Allen county fields, 99,700 barrels of oil were shipped over this company's lines during May. From Estill and Lee counties 49,183.33 barrels were run, while the production from the western fields showed an increase in production handled by this company amounting to 50,517.03 barrels. The larger part of the output of the wells in the several fields of Kentucky pass through the Cumberland pipe lines, and this report can not be relied upon for a definite output from the pools in Kentucky.

Mr. Harry B. Clay, of Paris, vice-president of the Old Rosebud Oil Company, has returned from a trip of inspection to the Company's holdings in the Big Sinking District of the oil fields. Many rumors had been current regarding the capacity of the new well brought in last Saturday on the Company's lease, and Mr. Clay determined to make a trip for the purpose of finding out just how matters stood. In a talk with the head driller, he asked the latter as to how much the well would make. The old fellow for a time would only say, "Well, she's a heller!" Finally it was conservatively estimated that the well would run between four and five hundred barrels. Mr. Clay returned firm in the belief that the new well was a wonder.

KENTUCKY SENATORS OPPOSE REVENUE DISTRICT MERGER.

Senators Beckham and Stanley, of Kentucky, called on Commissioner of Internal Revenue Roper and entered their protest against any consolidation of the internal revenue districts in Kentucky that would not leave at least two districts in existence.

They declared Kentucky is so situated geographically that there should be at least one district for the western half of the State and one for the eastern half, just as the State is at present divided for Federal judiciary purposes. They suggested that in the event of a consolidation into two districts the headquarters of one district be at Louisville and the other at Lexington.

They found Commissioner Roper set in his decision that all five of the existing districts in Kentucky should be combined into one district with headquarters at Louisville, but no action was taken as a result of the conference. Commissioner Roper said later that he expects to make a public announcement regarding his consolidation plan about June 15.

B-4 FIRE

Insure with W.O. HINTON & SON, AGTS

BOY KICKED BY PONY.

Roger Mahorney, young son of Mr. Quincy Mahorney, of near Riddles Mills, had a narrow escape when he was kicked below the eye by a pony. Four teeth were broken off and the boy's face considerably bruised. Dr. George Rankin, of Shawhan, was called and attended to the little fellow's injuries.

IN THE SERVICE OF THEIR COUNTRY.

Robert L. Link, Jr., who has been visiting relatives in Paris for several weeks, left Monday for New York, to reside. Mr. Link will resume the position he held before going overseas.

Dr. Ben Frank is in Paris as a guest of relatives. He was recently discharged from the service at Ft. Kearney, in California, where he had been in the aviation branch of the service. Dr. Frank attained the rank of Lieutenant and was recommended for meritorious service.

Major Neville Fisher, formerly of Paris, has returned from overseas service, where he gained considerable distinction as a commander of men. Before his departure his company presented him with a solid gold loving cup, on which was engraved, "To the Father of the Battalion." His second battalion presented him with a handsome gold watch. Major Fisher is a guest of his mother, Mrs. W. H. Fisher, and other relatives in this city.

Mr. Wm. C. Dodson, of Paris, is in receipt of a postcard from his nephew, Corp. Robert Weaver Talbott, formerly of Paris, announcing his safe arrival at Camp Mills, Long Island, N. Y., last Monday, after having been in the service overseas for about nine months. Corp. Talbott, before his induction into the army service, was employed on the Louisville & Nashville railroad, with headquarters in this city. He was a member of one of the Bourbon county draft contingents sent to Camp Taylor. He will return to Paris after having been mustered out.

Short term enlistments for special service in France with the Marines will be closed June 16, according to orders received at the Lexington recruiting station office Wednesday.

For the purpose of relieving Marines now in service in Germany and France, enlistments have been opened for some months for short terms, with special service abroad specified. Men enlisting under those terms will be sent to Quantico, Va., equipped, and sent directly overseas. When American troops are withdrawn in the fall, these men will be returned to the States and discharged as soon as they are landed. These conditions will not be open after June 16.

Mr. Michael Angelo Atlas, familiarly known here to his friends and acquaintances as plain Mike Atlas, was a recent visitor in the city, mingling with those he used to know, and those whom he hopes to know intimately in the future. Mike was formerly assistant ticket agent at the Tenth street passenger station of the Louisville & Nashville in this city, and formed many pleasing friendships, especially among the traveling men, by his uniform courtesy. Promotion to a more lucrative position, that of ticket agent in the Union Central passenger station at Cincinnati, took him away from us, then Uncle Sam called him, and he went into the service voluntarily. He has just returned from France, where he had seen over nine months, and saw action in several of the big battles. He has resumed his old position in the Grand Central Union passenger station at Cincinnati.

Writing to a member of THE NEWS staff from Brest, France, under date of May 24, Seaman W. O. Pennington, of Paris, says: "I am getting along very nicely at present. Had a case of blood poisoning in my right hand for a while, but it is all right now, and I am back on duty again. Have just returned from a three-days' furlough in Paris, France, where I had some time, I assure you. Paris, France, is the liveliest city I have ever seen. For booze and women it has the world beat a whole city block. We are waiting to bring President Wilson back to America with us. We leave here Monday for Ostend, Belgium. The President will meet us there about the first of June. Then we will return to the U. S. A. Upon my arrival there I will get my discharge from the service. Tell Eddie Doty to be sure and save something for me for I am coming home from a wet country. I see Noah Clark here very often. I understand he has been here for about a year on an oil barge. I suppose you have been reading about the great war painting on exhibition at Paris, France, haven't you? It took nineteen artists four years to paint it. It is over three hundred feet long. I am mailing you a small photo of just the American section of it. You can see from this picture just what part France thinks America played in the war. Well, hope to see you all very soon. Regards to all the boys."

COMMENCEMENT AND BANQUET MARK CLOSE OF PARIS HIGH SCHOOL.

Following the exercises at the Paris High School, which began Sunday with the delivery of the baccalaureate sermon to the class of 1919 at the Presbyterian church, and the joint commencement exercises of the city and county schools held Wednesday, the commencement exercises proper of the Paris High School were held in the auditorium last night in the presence of a large crowd.

The principal address of the evening was delivered to the graduating class of 1919 by Dr. John Leonard Hill, Dean of the Georgetown College. His address was a masterpiece, and was listened to with rapt attention by his auditors. Prof. Lee Kirkpatrick, Superintendent of Schools, presented the diplomas to the following fourteen members of the class: Foster Mitchell, Alice Adair, Louise Connell, Lucille Hall, Vallette McClintock, Eugene Lair, Thelma Squires, Irene Alexander, Silas Bedford, Jr., Virginia Dundon, Ruby Elder, William McIntyre, Edith Harper, Maragrete Griffith.

The work done by the students of the Latin, History, Sewing and Cooking Departments were offered for the inspection of the public at the school Wednesday afternoon at one o'clock. The Latin posters, prepared by the High School Latin students, under the direction of Miss Elizabeth Roff, were especially instructive.

With the banquet held at the Crocodile Inn last night after the commencement exercises by the Paris High School Alumnae Association, the school term of 1919 passed out. The following program was rendered: Welcome Address, Miss Esther Boatright, '17, President; Response, Eugene Lair, '19; Music, P. H. S. Orchestra; Toastmaster, Raymond Connell, '17; "Lookin' Around," J. Stuart Wallingford, '15; Song, Mabel Galloway, '18; "What Next?" Eli Friedman, '14; "That Harmony," Mabel Templin, '18; Song, Mrs. David Bachrach, '09; "The Ladies," Fennell Galloway, '13; Music, P. H. S. Orchestra.

The following menu was served: Old ham; beaten biscuits; pickles; olives; potatoes au gratin; pineapple salad; ice cream; cake; coffee; iced tea.

The work of Superintendent Kirkpatrick and the entire faculty has been highly complimented by the people of Paris, who feel that these efficient workers have ever had in view the best interests of the pupils who were placed in their charge, and that they have well and faithfully performed their tasks.

MASS MEETING IN INTEREST OF BOY SCOUT CAMPAIGN

Following a preliminary meeting held at the court house Wednesday night for organization purposes, a mass meeting will be held at the Grand Opera House in this city, next Sunday afternoon at three o'clock, for the purpose of considering ways and means for furthering the Boy Scout Campaign.

Arrangements have been made for placing extra electric fans in the house, so that it will be as comfortable as remaining at home. There will be no lengthy program, and the fear of being bored need not keep anyone away. A musical program will be provided for entertainment, and a speaker of note will address the audience. Everything will be done to make the house comfortable, and it is hoped there will be a large attendance.

Mr. Rudolph Davis has been appointed Chairman of the campaign for Bourbon county, and he says he will make it a hummer. Bourbon expects to raise its quota in one meeting. The fact that Mr. Davis is in charge of the campaign makes its success assured.

The week has been set apart as Boy Scout Week for the purpose of enlarging and strengthening the Boy Scout organization. Associate membership in the Boy Scout organization will be offered to the mothers and fathers of American boys and to other adult American citizens. This worthy cause stands alongside the Red Cross, the Salvation Army and the other humanitarian organizations that have had the generous support of the American people.

LABOR INSPECTOR SAYS CHILDREN UNDER 14 CANNOT WORK.

No child under 14 years of age can be given a working certificate in Kentucky, even during the summer vacation, according to Miss Mayme B. Wager, Assistant State Labor Inspector for this district, when asked about the provisions of the child labor law.

"The law distinctly forbids the employment of children under 14 years of age at any time at street work, delivering messages, working in stores, offices, factories or other such places. Boys may be employed at gardening or at farming through the summer months, and girls at housework or such things as that, but the law clearly intends to prevent the employment of young children at work that would take them on the streets or into the stores, factories or mills," Miss Wagers said.
